

CEE Dept. Environmental Engineering Seminar
Fall 2001

September 7, 2001	EVE Faculty	Fall Welcome
September 14, 2001 21	Dave Worden, Aquatic Biologist	Nutrient and Plankton Dynamics in Quabbin Reservoir
September 28, 2001	Katarina Pintar	An Investigation of Conditions and Control Strategies Influencing Nitrification in a Chloraminated Distribution System
October 5, 2001	No seminar - Columbus Day Holiday	
October 12, 2001	No seminar - Feng Lecture 10/11/01	
October 19, 2001	Thomas Pettersson	To be announced
October 26, 2001	Daniel Lawrence	The Solution is not Always in the Calculations - Working with Communities to Solve Water and Wastewater Problems
November 2, 2001	Kurt Paterson	Regional Air Pollution Assessment
November 9, 2001	Sarina Ergas	Drinking Water Denitrification Using Hollow Fiber Membrane Bioreactors
November 16, 2001	Open	To be arranged
November 23, 2001	No seminar - Thanksgiving	
November 30, 2001	Jeanine Plummer	Non-Conventional Disinfection Systems
December 7, 2001	Student Seminars	To be announced
December 14, 2001	Student Seminars	To be announced
