

ENVIRONMENTAL ENGINEERING SEMINAR SERIES

Friday at 12:20 PM

Location: Marston Hall, Room 220

Date	Speaker/Subject	Comments
6 Sept.	Introduction and Social Hour	
13 Sept.	Professor David A. Reckhow Dept. of Civil & Environmental Engr., UMass <i>Nature and Formation of TOX in Drinking Waters</i>	
20 Sept.	Dr. Bjornar Eikebrokk SINTEF Civil & Environmental Engr. Trondheim, Norway <i>Coagulation/Filtration Optimization Needs Arising from Increasing NOM in Northern European Source Waters</i>	
27 Sept.	Mr. Juan Manual Morgan Sagastume National University of Mexico, UNAM Visiting Scholar at UMass <i>Media Mixing Effects on Compost Biofiltration</i>	
3 Oct. (Thurs)	Dr. Appiah Amirtharajah Professor Emeritus, Georgia Tech <i>Filtration for Potable Water: The Great Barrier for Particles, Parasites, and Precursors</i>	Feng Lecture Location TBA
11 Oct.	No Seminar	Long Weekend
18 Oct.	Mr. Matthew Valade Hazen and Sawyer <i>UV Disinfection for New York City</i>	
22 Oct. (Tues.)	Professor Charles R. O'Melia Johns Hopkins University On Sabbatical at UMass <i>Watershed Management for New York City</i>	Special Seminar 3 PM: Gunness Student Center
1 Nov.	Mr. Doug Owen Malcolm Pirnie <i>UV Disinfection</i>	
8 Nov.	No Seminar	Long Weekend
15 Nov.	Dr. Paul K. Barten Dept. of Natural Resources Conservation, Forestry Program, UMass <i>Stormflow Effects on Channel Microtopography and Woody Debris Movement on Atherton Brook, Quabbin Reservoir Watershed</i>	
22 Nov.	Mr. Ehoud Leshem Graduate Student, UMass <i>Title TBD</i>	
29 Nov.	No Seminar	Thanksgiving
6 Dec.	Professor William J. Jewell Department of Biological and Environmental Engineering Cornell University <i>Future Directions in Wastewater Treatment</i>	
13 Dec.	Ms. Samar El-Khoury Graduate Student, UMass <i>Title TBD</i>
