Specifications for:

Project: Metal Building, Pump House

Date: July 5, 1978

C.E. Pilot Plant

Work Order: #W7658

Univ. of Mass.

Amherst, Mass.

General: Furnish and deliver one prefabricated steel building to job site. Unload and store on site where directed. Store off the ground on wood supports and cover with 6 mil. polyethylene film, properly anchored and secured, to protect fans from weather. Ground supports and plastic cover to remain property of owner. Building shall comply to the Massachusetts Building Code, Article 19-manufactured Building, Building Components and Mobile Homes.

Technical data: Building to be 10' wide x 20' long x 10' high with a pitched roof. Building structure to be designed to support the following live loads: roof = 30 psf; Horiz. wind load = 15 psf. Panelling to .015" thick (min.) hi-tensile steel for walls and roof. Roof galvanized. Walls-bone white color. Provide gable trim and inside corner trim. Provide one pair of glazed hollow metal doors, opening size 6'-0" wide x 7'-0" high x 1 3/4" thick, factory enamel finish, with door frame, threshold, mortising style, hinges, surface bolts, lockset with cylinder, and other manufacturing standard hardware. Provide one aluminum window with insect screen, 3' x 1'-0" size, one half sliding, glazed with min. standard clear glass. Provide opening through roof with flashing accessory for one plumbing vent. Furnish all anchor bolts for concrete foundation wall anchoring and other necessary bolting fasteners for assembling building. Furnish tops and sealants needed to assemble building and for sealing weather tight to foundation.

Furnish template drawings for setting anchor bolts in concrete foundation. Check and verify anchor bolt placement before concrete is poured. Furnish instruction manual to user for installing and assembling building. Building will be assembled by

Provide 2" fiberglass vinyl faced insulation, class 25, with U.I. label, for exterior walls and roof.

Shops drawings: Furnish 5 copies of shop drawings describing building and components to Physical Plant - Univ. of Mass. for approval.
